What happens if Adepa Asset Management S.A. is unable to pay out?

The investments of the fund are held separately from the assets of Adepa Asset Management S.A. as fund management company and from the corresponding custodian bank. Thus, you will not lose your investment in the event of a possible insolvency of Adepa Asset Management S.A.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- Investment: 10,000 EUR

Costs over Time	If you exit after 1 year	If you exit after 5 years
Total costs	197.21 EUR	975.90 EUR
Annual cost impact (*)	1.97%	1.56%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 6.58 % before costs and 5.02 % after costs.

Composition of Costs

The table below shows the impact if you exit after 1 year.

One-off costs upon entry or exit
